About

Highly motivated Computer Science student at GITAM with practical experience in full-stack development and a strong interest in UI/UX design. Proven ability to build dynamic web applications using HTML, CSS, JavaScript, Node.js, and Express.js, complemented by certifications in Agile, DevOps, and UX Design. Eager to apply honed technical and problem-solving skills to contribute to innovative software, frontend, or UI/UX projects.

Work Experience

Full Stack Developer Intern
Apr 2023 - Feb 2024

Cranes Varsity Pvt. Ltd.

Honed software and frontend development skills by contributing to dynamic web application projects within a fast-paced tech environment.

- Contributed to the development and deployment of dynamic web applications, applying full-stack principles and enhancing user experience.
- Utilized HTML, CSS, JavaScript, Node.js, and Express.js to implement robust frontend and backend functionalities.
- Applied Agile methodologies to address technical challenges and adapt to evolving project requirements, ensuring efficient progress.
- Refined technical foundation and problem-solving skills, preparing for diverse challenges across frontend, DevOps, and software engineering roles.
